Employment Opportunity

The Institute of Health Administration, Robinson College of Business, Georgia State University invites applications for one or more positions with anticipated hiring for Fall 2016. This Health Management position is tenure track; rank is open, but we expect to hire at the level of full or associate professor.

QUALIFICATIONS
Qualified candidates will have an earned doctorate in Business Administration (strategic management/organizational behavior/organization theory), Applied Psychology or Sociology, Public Health Management, or a closely related field from an accredited University. Candidates should have a significant scholarly research record demonstrated through publications in premier journals and expertise in the application of theory to health care organizations. Preference may be given to candidates with a demonstrated ability to attract external grant funding. The successful candidate will teach, primarily at the graduate level, conduct independent and collaborative research leading to publication in leading management and health services journals, and contribute to the Institute, University and profession through service activities.

UNIVERSITY AND INSTITUTE ENVIRONMENT
Georgia State University is a major public research university, and a national leader in graduating students from widely diverse backgrounds. Centered in the historic financial hub of downtown Atlanta, the university provides more than 32,000 students, faculty and staff with unsurpassed connections to the city’s business, government, nonprofit and cultural organizations. With more than 8,000 students and more than 200 faculty members, RCB is one of the largest and most diverse business schools in the country. The Institute’s double degree MBA/MHA Program CAHME accredited, full graduate member of AUPHA, and a participant in the Business School Alliance for Health Management (BAHM). In addition to the MBA/MHA double degree program, the Institute faculty members collaborate with partners across the College and University to support research initiatives and academic programs in areas such as health information technology, nursing leadership, and health regulation and policy.

APPLICATION PROCEDURE
Applicants wishing to apply should register with http://academicjobsonline.org/ (the registration is free) and upload a letter of interest and curriculum vitae. Three letters of recommendation will be requested at the appropriate time. Please direct your questions to Patricia G. Ketsche, PhD, Search Committee Chair at pketsche@gsu.edu at the Institute of Health Administration, Robinson College of Business, POB 3988, Atlanta, Georgia, 30302-3988.

Funding for this position is contingent upon final approval by the university. Georgia State University is an equal opportunity educational institution and affirmative action employer.
