The Entrepreneurship House Living Learning Community (E-House LLC) provides students with the opportunity to live learn and participate in activities that have an entrepreneurship and innovation focus. Students with entrepreneurial ambitions will be able to connect with others who share similar interests and aspirations. Using resources provided by the E-House LLC and the Entrepreneurship and Innovation Institute of the J. Mack Robinson College of Business, residents will begin to develop their ideas and participate in experiences such as workshops, competitions, mentorship, exposure to the Atlanta ecosystem and peer-to-peer networking. Students also have the opportunity to enroll in courses towards a major or minor in Entrepreneurship.
