Valuation

Biography

Pete's activity centers on the analysis and valuation of business firms, and financial markets. He is a recipient of the Robinson College of Business Faculty Recognition Award for Distinguished Teaching, the EMBA Crystal Apple Teaching Award, and the MS in Finance Teaching Award. In addition to his university teaching, he has taught extensively in executive education programs at both universities and businesses. For many years he also taught commercial loan analysis to lenders at many of the large southeastern banks and at banking schools. Pete's consulting activities have included working with banks, business firms, and private equity investors. He is on the board of a privately-held company and has served as an expert witness in over 200 legal proceedings, many involving business valuation and business damages.
